Thank you for your letter of 14 March 1991 on the subject of Unidentified Flying Objects (UFOs).

I have checked our files for any sighting reports which correspond to the date, time and location mentioned in your letter and have found two such reports. I enclose copies of these reports, which have had the details of the originators removed in order to ensure that their privacy is maintained.

As you will be aware, the Ministry of Defence has only a limited involvement in this subject and we do not have the resources to undertake any in-depth investigations. I can, however, confirm that we have no reason to link these sightings with a satellite re-entry. I regret that I cannot be more positive in offering a definitive explanation for what was witnessed.

I hope that this is helpful.

Yours sincerely,

I wonder if you could assist with regard to an incident on Wednesday 20 February 1991; approximately 19.30 GMT (or within 30 minutes either side).

On that night a large number of reports of a green and white mass of light in the sky were received by myself for the British UFO Research Association and via other bodies. I worked with Jodrell Bank and the BBC the next day collating calls and demystifyting the stories they were flooded with.

I personally fielded calls from as far south as Stoke, as far north as Preston and to the Wirral in the west and Oldham in the east, describing the same effect. In my view, and this opinion was shared by those I spoke with at the institutes named, the phenomenon was probably the re-entry of parts from a Soviet satellite, or just possibly a rocketry experiment releasing a cloud of vapour for scientific research on the upper atmosphere.

I wondered if you had any specific information on this matter, which presumably must have come to your notice as media sources refered to MoD interest and we had so many calls some surely must have been directed towards Air staff 2A I would anticipate.

Secondly, I was informed by staff at Manchester Airport that a Manx Airline crew inbound from Ronaldsway to Ringway observed the spectacle and that an official report would be filed with you, since the crew expected it regardless of possible explanations. A copy of this, minus any data you need remove for security and witness protection purposes, would be very useful.

Even though reasonably certain this is not a UFO except by definition (if there be any UFOs in any other sense, of course!) we are interested in the data accumulated on this case because it offers us useful information about witness perception of anomalous stimulii. These account for 95% of all our cases. When a booster from Cosmos 1068 reentered on 31 December 1978 (approximately 19.06 GMT) we received nearly 200 reports. We still get them today. Of course, we can positively indentify what that re-entry was (and maybe you can help us do the same with this 1991 case). However, the main value of the 1978 data was what it taught us about witness observation.

As many fire brigades and coast guards were called out back in 1978 to 'phantom' air crashes and as these space debris events are likely to become more frequent with tgime, collating this information not only assists our work but could be of potential value to other sources in the future, maybe even to yourselves. I would be pleased to submit a copy of our report on the latest incident for your records, should it be of any practical use there.

Sincerely,

Section 40

REVELATIONS RECEIVED BY

ST ANTHONY

Section 40

The National Archives' reference DEFE 31/179/1

THE LAST DECADE

Mankind has now entered into the last decade of this age of existence on this planet, which will culminate in the Second Coming of Christ and the establishment of the New Age or Millenial Kingdom of heaven on earth.

This decade, therefore, is the transitional period during which the changeover from the old to the New Age will take place.

To give you some idea of the massive upheavals that have to take place during the next 10 years to bring about this change, I will first of all outline some of the things which will no longer exist in the New Age of heaven on earth.

1) No nuclear bombs or any non-ecologically compatible weaponry of any kind ie. there will be famines where pockets of resistance to God's kingdom still exist.

2) No banks or money of any kind ie. work will be done out of love and not based on selfish gain, and goods will be shared with those in need.

3) Non-ecologically compatible technology and industry will be superceded by ecologically compatible forms of technology ie. virtually all existing man-made technology will be scrapped eg. motor cars, aeroplanes, factories, nuclear power stations etc.

4) No artificial drugs or butchering of people's bodies by drills and scalpels ie. healing will be brought about by nutritional, mental and spiritual means.

5) No artificial borders, passports or visas ie. the earth will be common to all and all will be allowed to settle in the place of their choosing.

6) All democratic dictatorships will be superceded by a theocratic dictatorship based on love ie. the Universal Laws of God.

Now, to inaugurate these changes will necessitate a complete upheaval of life as we know it during the next 10 years.

This upheaval is outlined quite vividly in the Book of Revelation; and will basically involve massive upheavals of the earth's crust and increasing judgments upon nations opposed to God's rule, culminating in the Battle of Armageddon where Christ and His angels defeat the forces of Antichrist.

These changes are absolutely necessary for the ultimate good of the planet in restoring the ecological balance and the establishment of God's Kingdom here on earth.

If, therefore, you wish to prepare yourself for these changes I would urge you to live as simply as possible in complete obedience to God and His laws - these laws can be found in the Books of Moses and the teachings of Christ.

THE THIRD WORLD WAR
has already happened!

Dear friend, are you aware that the 3rd World War has alre[redacted] taken place - and is STILL taking place!

Now, to explain, we all know about the 2 atomic bombs that were dropped on Hiroshima and Nagasaki in 1945 resulting in the loss of over 100,000 lives. However, are you aware that since 1945 about 1700 atomic bombs have been exploded around the world in so-called 'peace' time.

Well, all I can say is, if this is peace - then I'm for WAR!

You see, dear friends, there is a SECRET war going on against the human race by the powers of DARKNESS.

You see, mankind can easily spot a war when both sides declare war, but what happens when both sides keep saying 'peace, peace' - when there is NO peace. For did not the Bible prophesy that the governments of the world would be declaring peace when in fact there is WAR (Jer 6.14).

You see, Satan id the Father of LIES, and has DECEIVED the WHOLE world (Jn 8.44 & Rev 12.9); and it is he who has misled the people into believing we are at peace, when in fact we're at WAR.

Satan, also, is the one who manipulates governments for his own ends - that is why he tempted Jesus by saying he would give him all the kingdoms of the world if Jesus would worship him. However, Jesus had come to save the world from Satan's clutches and so rebuked the Devil and commanded him to worship God.

It would seem, however, that Jesus has done a poor job of saving the world - but, like Satan, He is working secretly behind the scenes saving a soul here and a soul there, in readiness for the final overthrow of Satan and the forces of Antichrist at the Battle of Armageddon.

That time, now, is fast approaching as the effects of 1700 atomic bombs is rapidly causing life on earth to become extinct - with millions now dying of cancer and heart disease, and radiation levels now reaching saturation point.

Meanwhile, the British and other governments have firmly pledged to continue exploding atomic bombs ad infinitum - so that except those days are shortened, no flesh would be saved (Matt 24.22).

Thank God, however, those days WILL be shortened when Christ returns to defeat the governments of the world and establish the kingdom of God here on earth.

Let us, therefore, REPENT of our sins and prepare ourselves for His soon return.

OPERATION EARTH

The Interplanetary Council of the Sovereign God has deemed it necessary for the salvation of planet earth to launch a MASS INVASION at the end of this decade.

Surveillance operations were begun in earnest after the first atomic bombs were exploded, and operations have continued to increase in readiness for the FINAL PUSH at the turn of the century.

We will, therefore, be launching large scale aerial attacks on Antichrist forces throughout the earth, which will result in the greatest tribulation ever known to man.

These attacks will NOT be nuclear, but biologically compatible, such as large scale earthquakes, plagues of various kinds, floods, famines, cosmic upheavals etc.

These attacks have ALREADY BEGUN to some degree (4 Horsemen of the Apocalypse), and will eventually culminate in the Biblical DAY OF WRATH.

Meanwhile, on earth mankind will be divided between 2 Power Blocs - the Northern Power Bloc, which is a DEMOCRATIC DICTATORSHIP led by the Antichrist (Beast); and the Southern Power Bloc, which is an ISLAMIC DICTATORSHIP led by the Mahdi.

The leader of the interplanetary invasion forces, known on earth as Jesus Christ, has repeatedly warned the inhabitants of planet earth of the consequences of their actions in refusing to obey the Universal Laws of the Creator; and although the governments of the world have, at present, placed a veil of secrecy over our surveillance operations and forthcoming invasion to defeat the governments of the world and establish the Kingdom of God here on earth - that secrecy is soon to be shattered when we begin our full scale invasion of the planet - which will eventually culminate in the BATTLE OF ARMAGEDDON.

If, however, mankind had REPENTED of its SINS and allowed us to redeem the planet peaceably as originally intended - then there would have been no cause to adopt the present tactics. However, mankind, as in the days of Noah, leaves us with NO ALTERNATIVE - even as Jesus the Christ warned you.

Likewise, the various Satans that are, at present, governing this planet and are steering the governments towards a FINAL SHOWDOWN with God will, likewise, be defeated at the Battle of Armageddon.

This message comes to the people of earth at the MIDNIGHT HOUR, and you are urgently warned to REPENT of your sins NOW, before its too late.

MAN, THE COSMOS AND GOD

Between man, the cosmos and God there exists a symbiotic relationship whereby man, the cosmos and God are in a state of ecological equilibrium with one another. That is to say, they are symbiotically interacting with one another physically, mentally and spiritually to produce an overall state of ecological balance and well-being.

When, however, this state of equilibrium is upset either physically, mentally or spiritually there results a corresponding upset in the symbiotic relationship between man, the cosmos and God. This upset is now abundantly seen all around us in the physical sickness, mental strife and spiritual sin that have been plaguing mankind for the last 6000 yrs, and even more so today.

Our aim, therefore, must be to promote the restoration of this symbiotic relationship between man, the cosmos and God - thus restoring the ecological equilibrium that is so essential to the survival of mankind and the planet on which he resides.

Now, obviously, this restoration is going to require help from higher intelligences than ourselves, who have hopelessly made a complete mess of ourselves and the world in which we live. Thus, the necessity of Divine revelation is of paramount importance in the rectification of the present world situation. This is why God-ordained prophets, anointed by the power of the Holy Spirit, are of supreme importance in bringing about this restoration.

In addition to this, it is also important to understand that because this planet is under the ultimate authority of God, however fallen and unstable it is at present, there will eventually come a time when God Himself, along with other superior intelligences, will return once again to the earth to establish God's Kingdom upon it. In Biblical terms, this is described as the Second Coming of Christ, who is accompanied by vast armies of saints and angels, to establish the Kingdom of God here on earth.

Thus, it should be understood that because the forces of evil are in the majority on this planet there will of necessity, be a consequent upsurge in the degree of ecological instability - physically, mentally and spiritually. However, this upsurge is soon to reach it's peak within the next few years, but because the nature of evil is basically self-destructive, there will come a point where God Himself will intervene to save mankind from utterly destroying himself.

However, our duty at this present moment in time is to restore the ecological equilibrium in our lives and in the world around us as best we can, in readiness for the complete restoration when Christ returns.

UFO'S AND GOD

Nowadays, it is a common occurence for people to see flying [redacted]cers, and also make contact with visitors from outer space. However, what many people fail to realise is that the Bible also refers to life in outer space.

Let us first look at the locations of heaven and hell in the Bible - for as is commonly known, heaven is 'up there' and hell is 'down there'. However, many people fail to grasp the implication of what they are saying.

In Gen 1.8 heaven is described as the 'sky' or 'firmament', and says 'God called the firmament 'heaven' - thus, heaven in the Bible is 'outer space'. Secondly, in Ezk 31.16 it refers to hell being in the lower parts of the earth - thus, hell is located below the surface of the earth. Thus, when a person dies their soul either goes 'down' into hell or 'up' into heaven depending on the deeds they have done.

Now, having established the locations of heaven and hell, we will now show how the Bible describes life in outer space, and how, very soon, some startling events are to take place there.

Let us, therefore, turn to Rev 12.4 which states that the Devil cast a third of the STARS down to earth. This, however, does not mean that the universe collapsed in on the earth, but that aliens from planets in this sector of the universe who are under the authority of Satan ie. forces opposed to God, came down to the earth to rule over it.

However, in v.7-9 God decides to rectify the situation by sending Michael and his angels to make war against Satan and his angels; which results in a major conflict in the heavens ie. outer space, the outcome of which is that Satan and his angels are defeated and retreat down to earth.

Then in v.12 it gives the conclusive PROOF of life in outer space by saying, 'Rejoice ye heavens and ye that DWELL in them. Woe to the inhabitants of the earth - for the Devil has come down to you having great wrath, because he knows his time is short.'

Friends, STAR WARS is REAL, and will come upon us sooner than you think! In fact, there are already alien bases on the earth - one, for instance, near Dulce, New Mexico and another in the White Hills of New Hampshire.

However, we need not fear as Christ Himself also ascended into heaven ie. outer space, and said that He would RETURN in like manner along with His angelic forces to defeat the forces of Antichrist and set up the Kingdom of God here on earth (Acts 1.11 & Rev 19.11-20.3).

Let us, therefore, prepare ourselves for Christ's soon return by keeping the faith of Jesus Christ and the commandments of God (Rev 12.17).

The National Archives' reference DEFE 31/179/1

CREATION OF THE WORLD

In Gen 1 we find the well known story of how God created the world - however, what many people fail to realise is that the account of creation ONLY refers to this SOLAR SYSTEM.

In fact, the account clearly states that the heaven that God created at that time was only that portion of sky between the earth and the clouds (v.6-8).

In fact, the only reference to STARS is found in v.16 which certainly does not give any clear indication that God made the stars at the time He made the earth - although some versions would have us believe He did. However, in the KJV it is clear that the words 'He made' in reference to the stars is NOT in the original text; and that the only clear reference to creation in the verse is concerning the sun and the moon. The reference to the stars appears only in connection with the giving of light at night along with the moon - but no specific reference is made to their creation.

Science, however, has shown that new solar systems come into being at different times; and thus, our particular solar system was created about 6000 yrs ago. This, of course, means that other civilisations were in existence long before life on earth - which also accounts for the numerous visits of extra-terrestrials that have been witnessed by people down through the ages.

The creation, however, of our solar system was the responsibility of 2 men from the Godhead - the Godhead being a UNITY of ONENESS which manifests itself through CREATION. This 2 man team is known in scripture as the Father and Son who are 2 HUMAN manifestations of the Godhead who are responsible for creating life here on earth in this sector of the universe.

However, certain sectors in the galaxy were not in unison with the Godhead and were rebellious against the Father and the Son. They then, in turn, sought to establish their rulership here on earth - which resulted in the earth becoming corrupted.

The Father and Son, however, devised a plan of redemption for the earth to enable the earth to be restored to its former glory; and for those who have chosen to obey God's commandments to be exalted to positions of rulership along with the Father and Son.

Thus, we see that man is by no means alone in this vast universe, and the earth itself is but a speck in the vast ocean of space.

Likewise, also, we realise that God in His entirety is much greater than just 2 human individuals who made man in their image in this tiny corner of the universe - yet these 2 individuals are the manifestation of the Godhead who have been given charge over us; and, therefore, it is to them, and them alone, that we must worship as our Creator and Redeemer.

THE TREE OF KNOWLEDGE

The Tree of Knowledge is described as the Tree of Knowledge of GOOD and EVIL. The Tree of Knowledge is also described in relation to God as being an attribute of the Divine Nature (Gen 3.5,22). The Tree of Knowledge may better be described, therefore, as the Tree of WISDOM or the Tree of DISCERNMENT between GOOD and EVIL.

Now, although God had commanded man not to eat of the tree, it was also in the Divine Plan that he DOES eat of it; but that in eating of it, he would have to forego eating of the Tree of Life until such time as he proved himself to be able to choose the GOOD rather that the evil - that is why God told him that when he eats of the Tree of Knowledge, he will surely DIE (Gen 2.17).

Man, therefore, to become like God, had to take of the Tree of Knowledge of Good and Evil ie. the Tree of Wisdom or Discernment; otherwise, he could NOT become a true son of God. Likewise, Christ also took from the Tree of Knowledge during His childhood and grew in wisdom and the grace of God (Lk 2.40;52).

Therefore, the Tree of Knowledge or Wisdom is an essential part of our development as sons and daughters of God - however, because the acquisition of knowledge and wisdom is a slow process that requires a prolonged testing period whereby it can be shown that we have chosen to do the GOOD rather than the evil, the Tree of Life is kept from us until such time as we have proved our worthiness to live forever.

That is why there has to be a Day of Judgment when God judges all men on their WORKS ie. whether they have chosen to obey God's commandments or disobey God's commandments.

Now, concerning God's commandments, one of the greatest heresies that the Devil has promulgated is that God's commandments no longer exist, and that people are now free to do as they want.

This heresy is especially prevalent in the CHURCH where the doctrine is put forth that ALL God's commandments were 'nailed to the Cross' and done away with. This heresy is a complete abomination to God and has resulted in millions of Christians having to suffer the fires of hell to purge them of their sins - which could have been avoided if the commandments of God were clearly preached from the pulpit.

The lack of preaching of the laws of God has also resulted in the tragic misuse of the earth's resources and the rapid destruction and pollution of our environment - which if God did not intervene, would mean the END of the world. However, God in His mercy is going to intervene and destroy all evil from the earth and RESTORE the earth to its NATURAL state.

Let us, therefore, take only that which is GOOD from the Tree of Knowledge, so that we may be allowed to partake of the Tree of Life and live forever in God's Kingdom.

The National Archives' reference DEFE 31/179/1

GOD IS A MAN

Many people regard God as unknown and unknowable - however the Bible clearly shows that this is NOT the case.

Let us first turn to Gen 1.26 where God said 'Let us make man in our image' - thus, also, if we reverse the sentence we see that God is in the image of MAN.

Secondly, it is clear that when Adam and Eve were in the Garden of Eden, God was also living with them - for it says, 'God was WALKING in the garden in the cool of the day' (Gen 3.8).

Likewise, in Gen 3.21 it says, 'God made some clothing for them from animal skins' - which also proves, by the way, that God is not against killing animals for the purpose of clothing people.

Also, even after Adam and Eve were driven out of the Garden, God was still physically present when Cain and Abel presented an offering to Him, and also shortly afterwards when Cain slew his brother and God set a mark on him (Gen 4.1-15).

Another striking incidence of God physically appearing as a man was when God and 2 angels came to visit Abraham to tell him that his wife was to have a son, and to warn him of the impending destruction of Sodom and Gomorrah (Gen 18).

Note, especially, in Gen 18.2 that it specifically mentions that both God and the angels were MEN. There is, therefore, no question that the God of the Bible is a MAN. However, God in His entirety is a UNITY of ONENESS, and ALL beings who are incorporated into that Oneness become a part of God.

Thus, when we are regenerated and 'born again' we become sons and daughters of God, just as Christ and the angels are sons and daughters of God - Christ, however, is pre-eminent as He is the FIRSTBORN Son of the Father of this world's creation (Col 1.15, Rev 3.14 & Prov 8.22-31).

Thus, the whole of creation emanates from God, and is a part of God. However, God in His entirety is incomprehensible to man as He is both in the universe and beyond the universe - our planet being like a tiny grain of sand in the midst of the ocean of space.

The God, however, that we have to serve and worship is the Father and the Son of this world's creation who communicate themselves to us through God's Holy Spirit.

God, therefore, relates to us through the mediary of a human form in a physical sense, and through the Holy Spirit in a spiritual sense.

THE TRUE ALIENS

Many people believe that aliens are little green men from Mars [redacted] however, a true alien is actually much more closer to home.

To find out, therefore, who the true aliens are, let us first turn to the Bible - which, believe it or not, has a lot to say about aliens.

First of all, the Bible says that God Himself is an alien who resides in the heavens - which, in Biblical terms, means 'outer space' (Gen 1.8).

Those, however, who reside inside the earth and on the surface of the earth are referred to as 'evil spirits' and 'sinners'.

In this respect, the lower regions of the earth are referred to as 'hell'; while on the surface of the earth reside the 'sinners' - who, in turn, are guided by the evil spirits who inhabit the lower regions of the earth, and who also manifest themselves on the surface through possessing the bodies of the sinners - which, in the Bible, is called 'demon possession'.

Another form of this is witchcraft, where sinners on the surface co-operate with the evil spirits below the surface to manipulate circumstances for their own ends. This co-operation with the spirits of the underworld is also manifested through mediums and clairvoyants who temporarily allow their bodies to be taken over by these spirits.

This is why ALL these practices are forbidden in the Bible, because the God in the heavens does not want sinners to be controlled by the spirits of the underworld, but He wants us to be controlled by the Spirit of God.

Now, for a sinner to be controlled by the Spirit of God means that God must RECREATE us to be His children. That is why Jesus spoke about being 'BORN AGAIN' (Jn 3.3).

Now, when we are 'born again' of the Spirit of God we then are transformed into the children of God; and thus, are no longer children of this world, but are children of the heavenly world.

That is why Jesus says we are 'NOT OF THIS WORLD' and that His Kingdom is not of this world; and that is why the Bible also says that all the saints down through the ages have been ALIENS on the earth (Jn 17.16, 18.36 & Heb 11.13).

So, if you want to see a true alien, then just look for those who have been REGENERATED by the Holy Spirit, and who keep the faith of Jesus Christ and the commandments of God (2Cor 5.17 & Rev 12.17).

The National Archives' reference DEFE 31/179/1

BRAIN POWER

As you, no doubt, are aware the brain is a highly sophisticated piece of equipment which enables us to think and to control how we act.

However, what many people fail to realise is that the brain is also a highly sophisticated TRANSMITTER and RECEIVER.

In fact, the brain is able to transmit and receive messages over vast distances of space many billions of miles away in just a few seconds.

Scientists, however, have failed to realise this fact, and are busy building vast receivers on earth costing millions of pounds to try and pick up messages from space.

However, ever since the dawn of creation there has been in existence in every human being a transmitter and receiver which can send and receive messages from the outermost regions of the universe in a matter of seconds.

Now, in Biblical terms, this transmission of information is called PRAYER, and reception of information is called REVELATION.

However, just as we have to dial the right number to reach the right person - so, likewise, you have to speak to the right person when utilising prayer.

Now, the Bible says there are many gods in the world going by all kinds of different names - however, those who wish to contact the Supreme God must call Him by His Name - which, in the Hebrew tongue, is called 'YAH' meaning 'I AM' - which also is rendered YAH-WEH meaning YAH - THE ANCIENT OR ETERNAL ONE, and YAH-SHUA meaning YAH - THE SAVIOUR. These last 2 terms are usually given nowadays to the Father and the Son respectively to help distinguish one from the other - however, as God is a ONENESS, all 3 terms are interchangeable as all refer to God and all utilise the basic root 'YAH' or 'I AM'.

So, in praying to God, we must direct our prayers to the Supreme God, which is YAH - the God of Abraham, Isaac and Jacob; otherwise, we are liable to receive transmissions from other gods who are not in subjection to the Supreme God; and who will, therefore, lead us astray - that is why Yahweh says you shall have no other gods before Me; and that is why we are commanded to pray to God in Yahshua's Name (Ex 20.3 & Jn 16.23).

ENDANGERED SPECIES

Many people are aware that thousands of animal species are becoming extinct throughout the world.

However, what many people fail to realise is that one of the most endangered species is Man himself.

This danger has been brought about by 2 contributing factors - firstly, the development of an industrialised society; and secondly, the rapid increase in world population.

Now, first of all, the earth was never designed to sustain an industrial based society - which is all the more aggravated by an ever increasing population which is industrially based.

If, however, society was agriculturally based then the earth would be able to sustain a massive population far in excess of what we have today; but because society is industrially based it cannot even sustain the present level of population, let alone an ever increasing one.

This then results in mass starvation of millions of people, together with a massive increase in deaths due to poisonous waste from industry entering into the food chain and the atmosphere causing cancer, heart disease, premature death and a multitude of other diseases.

The only remedy, therefore, is to get back to an agriculturally based society where each family group has its own house and land to grow crops and to raise livestock.

This, by the way, is a God ordained Biblical principle; and is, therefore, the only way the earth will be able to sustain an ever increasing population, while maintaining an ecological balance.

These 2 factors, therefore, must be taken into consideration if this planet is going to sustain mankind into the 21st century.

If, however, mankind persists in continuing on its present course, the Bible has predicted that remedial action of a more severer kind will have to be brought into operation.

This remedial action will entail a complete upheaval of the earth's crust, resulting in a complete destruction of industrialised society as we know it.

This upheaval can be compared to the farmer ploughing his field before sowing his crop - which then enables the seed to take root and bring forth fruit.

Thus, if mankind continues on its present course without reverting back to an agriculturally based society, then God Himself will rectify the situation by destroying man-made industrialised society and bringing the earth back to its natural state to enable the seed of God's Kingdom to take root and grow.

Let us, therefore, do all in our power to return to a self-supporting, agriculturally based lifestyle to enable the ecological balance to be maintained and an ever increasing population to be sustained.

The National Archives' reference DEFE 31/179/1

ECOLOGY AND THE CAR

The motor vehicle is the PRIME source of a sustained pollution of the atmosphere - which, in turn, contaminates the rainwater which, in turn, contaminates the seas, the rivers, the land and everything on earth.

What happens, in effect, is that carbon monoxide emissions eventually converts to carbon dioxide in the atmosphere - a substance deadly to man and all living creatures. Thus, as the level of carbon dioxide increases in the atmosphere, the level of life supporting oxygen consequently decreases.

With this in mind, if, for instance, we had a scenario where everyone in India and China had a motor car ie. about 2 billion people, or about $\frac{1}{2}$ the world's population, then all life on earth would become extinct virtually overnight.

However, if this wasn't bad enough, carbon dioxide also has the property of retaining infra red heat from the sun - thus contributing to the greenhouse effect, resulting in a gradual global warming and the melting of the polar ice caps - the result of which would be that vast land masses would sink under the sea; some, of which, would include England, Ireland and Holland.

Furthermore, carbon dioxide also combines with rain water to form carbonic acid; which then falls as acid rain contaminating land, sea and rivers.

In addition to this, however, is the emission of nitric oxide - which also combines with rain water to form nitric acid; which also results in clouds of nitric acid pouring down acid rain upon the earth.

Also, the combination of nitric oxide and nitrogen in the atmosphere can result in the formation of nitrous oxide or laughing gas - so I suppose one could say that, at least, we would all die laughing!

Finally, but by no means least, there is the emission of LEAD into the atmosphere which is deadly poisonous to all living creatures - and, once breathed in, is stored in the nervous system of living creatures, especially in brain tissue; which results in ever increasing mental derangement and eventual death.

It should also be noted, that current legislation regarding lead emissions does NOT solve the problem of existing lead in the atmosphere; NOR does it prevent the emissions of lead from car exhausts - but only REDUCES the emissions of lead to a lower level.

With all this in mind, what we propose as an interim step, is to make compulsory the fitting of catalystic converters to all car exhausts to remove all harmful emissions, with the ultimate goal of scrapping the motor vehicle altogether and reverting back to a NATURAL and ECOLOGICAL means of transportation such as the horse and sailing ship.

THE DARK ONES

The Dark Ones are those in the unseen world who are controlling the forces of evil on this planet.

The Dark Ones are controlling the governments of this world, the schools and medical institutions, newspapers and television, music and entertainment, factories and industry, and just about everything pertaining to this present world system.

They are, in fact, controlling what we see, what we do, what we think, what we eat and what we breathe.

They are the princes of darkness of this present world system who are leading manknid on the pathway that leads to destruction.

They are the ones who initiated the Industrial Revolution, they are the ones who have destroyed our earth, polluted our rivers, poisoned our air, contaminated our food, and caused a myriad of plagues and sicknesses to destroy mankind.

They are the ones that have started world wars, let off atomic bombs, built atomic power stations, spilt oil over the seas, pumped deadly fumes into the atmosphere, sprayed chemicals on our crops, and caused the whole of mankind and life as a whole to degenerate and decompose into one giant rubbish heap of sickness, disease and death.

Life on this planet, and the world as a whole is now decomposing so rapidly that mankind is liable to become extinct by the turn of the century.

The very air we breathe is now so full of carbon monoxide and lead that most people are walking around half asleep and behaving like a bunch of mindless zombies.

The clouds in the sky are now composed of nitric and carbonic acid which is rapidly eating away and destroying everything it falls on.

The ozone layer is now virtually non-existant with vast holes appearing all over the world.

All parts of the planet are now saturated in radio-active fallout from hundreds of atomic bomb tests, let alone the tons of radio-active waste from nuclear reactors that are dumped all over the place.

The earth's crust is also now beginning to buckle and give way as millions of tons of oil are sucked out from underneath it, causing massive earthquakes around the world.

People are also poisoning their bodies through drugs, pills, cigarettes and alcohol.

Doctors are also mutilating people's bodies by slicing them open, ripping out organs and playing around with people's genes.

Dentists also have ruined people's teeth by mutilating them with drills and ripping them out so as to force people to wear dentures.

Friends, we must become AWARE of what the Dark Ones are doing to the human race. We must SPEAK OUT against their evil machinations - for the Dark Ones know that their time is short and that the Divine Order is soon to be restored again upon the earth.

They are, therefore, accelerating their programme of destruction, knowing that their end is near.

Friends, there is HOPE for the world - for Christ Himself said 'I shall return'. Thus, as this age draws to a close and the New Age dawns, let us go forth and proclaim the Good News of the soon coming Kingdom of God and the destruction of the forces of darkness - for all things pertaining to this current world system are to be destroyed and God's Kingdom of peace and happiness is to be restored once again upon the earth.

END-TIME SAINTS

In view of the onslaught of the Dark Ones upon mankind and the world as a whole, God is preparing an end-time army of 144,000 saints who will declare war against the forces of darkness and be ready for when Christ returns.

At the forefront of this end-time army is God's end-time apostle and prophet who has been called to prepare the world for the soon coming Kingdom of God.

The end-time prophet has already been given numerous revelations to bring people back to a more spiritual and ecologically balanced lifestyle to enable them to overcome the Dark Ones and be ready for when Christ comes.

These revelations include the restoration of the Divine Laws of God, the healing of sickness through spiritual means without damaging body tissue, and the filling of teeth without damaging them through drilling.

If you wish to know more about how to become an end-time saint and put into practice the revelations received by God's end-time prophet, please feel free to contact us at the address below.

A division of the Saints of God Church International, London

Dear Prospective Client, 24th Sept 1989

The Institute of Alternative Dentistry and Holistic Health was founded by Rev Anthony G. Pike, commonly referred to as 'St Anthony', under the direction of the Holy Spirit.

In 1988 the Holy Spirit revealed to St Anthony a formula for filling teeth in the comfort of your own home without the need for harmful drilling.

The filling material can be applied by yourself, or another member of the family, and sets within 60 secs to a non-toxic, rock-hard bond which is virtually indistinguishable from normal tooth enamel.

St Anthony is seeking to break through the monopoly that the dental industry has in this country, by providing a superior method of dental treatment which can be applied in the comfort of your own home without any damage to existing tooth material.

Trial applications have already shown a remarkable success, with a rapid ease of application and long-lasting durability, together with a superior translucence and colour compatibility.

In fact, we already have foreign clientele utilising our services, and another client travels all the way from SE London rather than go to a traditional dentist nearby.

We also invite members of the public who are interested in learning the technique to volunteer to have their teeth filled by this method. The full course, including treatment, is £15 - with a 1 yr free replacement guarantee.

We also supply a Home Dental Kit for your own personal use at a cost of £30 inc. p & p.

This is well worth it as the Kit will hopefully last you a life-time and could save you hundreds of pounds in costly dental charges, as well as preserve your teeth without drilling.

In addition to supplying treatment for teeth, we also provide treatment for other bodily ailments and mental disorders without damaging body tissue through drugs or surgical operations.

The application of this method involves the healing of body tissue by spiritual forces and the removal of adverse spiritual entities, and is linked to channelling your faith and obedience towards the Supreme Diety.

Please feel free to contact us if you have any further queries, or if you would like to arrange an appointment.

Tests have shown that teeth can be successfully filled by yourself without the need for a dentist to severely weaken and damage your teeth through drilling.

Please, therefore, ask yourself the following questions:-

If you had the choice between having your teeth painfully drilled out or simply filled without drilling - which would you choose?

If you had the choice between unsightly amalgam or off-colour ceramic fillings and a perfectly matching, translucent filling - which would you choose?

If you had the choice between a toxic mercury amalgam filling and a completely non-toxic filling - which would you choose?

If you had the choice between fillings that become loose and fall out, and fillings that permanently bond themselves to the tooth - which would you choose?

If you had the choice between paying costly dental bills and saving hundreds of pounds by treating your own teeth - which would you choose?

If you had the choice between a dentist drilling a few extra 'holes' to increase his profit margins and you treating only those holes which are actually there - which would you choose?

If you had the choice between a dentist deciding how many holes he wants to drill and you filling your own teeth without drilling any - which would you choose?

If you had the choice between a dentist being in charge of your teeth and you being in charge of your teeth - which would you choose?

If you're prepared to stick a bandage on a cut - why not stick a filling on a tooth - its that simple.

If you're prepared to answer 'YES' to treating your own teeth - then DENTAFIL Home Dental Kit is the answer for you.

ST ANTHONY'S SURE GUIDE TO SUCCESS
Physically, Mentally and Spiritually

Since the dawn of creation mankind has been beset with all kinds of ills - both physically, mentally and spiritually.

The Bible says that mankind is a fallen species ie. it has fallen into physical sickness, mental torment and spiritual sin.

Physical, mental and spiritual health are all interlinked, and thus a symptom in one indicates a disease in all.

Thus, the human race for about the last 6000 yrs has been plagued with physical, mental and spiritual sickness which has now resulted in a literal hell on earth.

Mankind, however, has constantly been searching for ways to solve the problem - but generally, has ended up creating more problems than it has been able to solve.

This is basically due to mankind's tendency to try and solve problems without being in accordance with Universal Law. Thus, mankind has adopted techniques which are out of accordance with the Divine Will; and, consequently, have resulted in ecological disaster for both man and the planet on which he resides.

Now, to be perfectly frank, there is no way mankind is going to be able to rectify the global situation without a Divine intervention. This Divine intervention is known in Biblical terms as the Second Coming of Christ.

However, we as individuals can do something to restore our own ecological balance both in our bodies and in the areas in which we live - but a full restoration will only be achieved after Christ has returned.

However, it is important for our own physical, mental and spiritual well-being to commence that restoration now in readiness for the complete restoration when Christ returns.

Firstly, it's important to become familiar with the Divine Will and the Universal Laws which govern mankind.

These laws are found in the first 5 Books of the Bible - however, to begin with your first step is to become familiar with the basic Ten Commandments found in Ex 20.

Now, as you study through these 5 Books - and especially those parts which specifically reveal the Divine Law, you will become gradually aware of those areas in your life which are out of accordance with the Divine Order.

When, therefore, you become aware of these areas of your life you will need to adjust your lifestyle in accordance with the Divine directives. This, obviously, will be a gradual process - but you have to start somewhere.

Probably the best way is to start with the 1st Commandment in Ex 20 and adjust your lifestyle accordingly; then go on to the 2nd Commandment and do likewise; followed by the 4th, 5th, 6th and on up to the 10th.

Then, once you have achieved this, you can then look to the other more detailed commandments. Included in these are the basic ordinances of circumcision or the cutting of the foreskin, baptism or the Divine washing, and the Eucharist or the eating of the Bread and the Wine in remembrance of Christ's death.

Now, once you have reached this stage you will be well on the road to ecological equilibrium in your life.

One personal word which has been of great benefit to me both physically, mentally and spiritually is the habit of FASTING.

Fasting, of course, is strongly advocated throughout the Bible, and is compulsorily enjoined at least once a year on the Day of Atonement. However, regular fasting is a God ordained way of keeping the body fit and healthy, and the soul in tune with the Divine Will.

For example, when the Apostles could not cast out an evil entity from a person, Yahshua (Jesus) advised them to fast and pray to enable the Divine Power to flow through their body more freely. Thus, fasting is of paramount importance in overcoming evil influences in our life.

Not only this, but it also keeps our body in excellent shape and optimum health. The body, in fact, really only needs ONE good meal a day to sustain it in perfect health. Thus, people, especially in the West, are grossly overfed - which consequently results in all kinds of diseases and a separation from the Divine Will; thus allowing evil entities to take control.

Now, I personally, have proven that fasting does work. I have personally fasted many times where I have totally abstained from ALL forms of food, including water. Other times I have gone on a prolonged fast with water only - and on one occasion I have fasted with water only for over 40 days.

However, I have discovered that as a general rule you only need to eat or drink during the EVENING ie. I personally only now eat and drink after 5pm, and do not allow myself to eat or drink anything between MIDNIGHT and 5pm the following day.

Now, to achieve this you will have to go through what I call a 'breaking in' period of 100 days. That is to say, the body will take approx 100 days to adjust to eating and drinking only in the evening.

Once this is achieved, you will only WANT to eat and drink in the evening, as the mind and body will have adjusted itself to only expect an intake of food and drink at that time.

This, then will enable you to achieve peak performance, physically, mentally and spiritually, and will bring about an ecological equilibrium in your life.

ANIMAL AND DIVINE SACRIFICE

Both animal and Divine sacrifice are complimentary to each other; and are, in no way, opposed to one another.

However, this concept of sacrifice runs contrary to much of what is taught in Christianity today.

Nowadays, animal sacrifice is frowned upon as a non-essential which was terminated at the death of Christ.

However, such teaching could not be farther from the truth - for, in fact, animal sacrifices did NOT cease at the death of Christ, but continued to be performed for nearly 40 yrs after His death.

The only reason, in fact, why the animal sacrifices ceased was because the Temple, where sacrifices were performed, was destroyed in 70AD by the Romans.

If, however, the Temple had not been destroyed, animal sacrifices would still be being performed TODAY.

This, also, brings us to another point, which is that the Bible prophesies that the Temple in Jerusalem is going to be REBUILT, and that animal sacrifices are AGAIN going to be performed there.

In fact, the Bible states that within the next few years, the Antichrist himself is going to form a covenant with the Jews to rebuild the Temple; but that after 3½ yrs he is going to break the covenant by desecrating the Temple and causing the daily sacrifice to cease (Dan 9.27, 11.31, 12.11 & 2Thes 2.4).

Anyway, the fact is that animal sacrifice is an INTEGRAL part of our worship to God; going right back, in fact, to the time of Cain and Abel (Gen 4.4).

Also, if like many Christians - and Jews also, you believe in the rebuilding of the Temple; you must, of necessity, believe also in the law of sacrifice - because the supreme purpose of the existence of the Temple is to perform sacrifice in thanksgiving to God. Therefore, without animal sacrifice, the Temple may as well not exist - except, perhaps, as a tourist attraction!

Sacrifice, therefore, in thanksgiving to God is an integral part of our praise and worship of our Creator.

There is, of course, different types of sacrifice - some for thanksgiving, and some for atonement.

Animal sacrifices are, therefore, a reminder each day, and at special times each year, of our need to give thanks to God and be cleansed of all our sins.

Paul, therefore, in his letter to the Hebrews was wrong to assume that the blood of bulls and goats could not take away sin, as the scriptures clearly state that they do (Lev 4.20,26,35; 10,13,18; 6.7; 16.6,10,16,21,22,24,30,34 & 17.11).

This, then, brings us to the purpose of Christ's sacrifice - for He too laid down His life as a sacrifice to God.

Christ's sacrifice, however, was God demonstrating His willingness to redeem mankind - whereas, our offering of sacrifice to God demonstrates our willingness to be redeemed. Thus, the animal sacrifices were man's offering for sin, and Christ's sacrifice was God's offering for sin (Lev 16.34, 17.11, Jn 1.29 & Matt 26.28).

Christ's sacrifice, however, is for the sins of the world in failing to keep the whole moral and sacrificial law of God - however, Christ's sacrifice in no way nullifies or replaces the moral and sacrificial law of God (Matt 5.17-19, 23.1,2 & 28.19,20).

Christ also died at the time of Passover, thus signifying that Christ's Blood that was shed protects us from God's Wrath, just as the blood of the Passover Lamb protected the Israelites from God's judgment upon the Egyptians.

However, it does not mean that if we sin wilfully we shall escape the punishment of God - for both animal and Divine sacrifice only covers sins of ignorance or unintentional sins (Num 15.22-30, Acts 3.17, 1Pet 1.14 & Heb 10.26-31).

Also, apart from the animal sacrifices that can be performed ONLY at the Temple in Jerusalem, there is the ordinance of the Lord's Supper through the breaking of bread and the partaking of wine, which Christ instituted as a means of remembering Him and His atoning death on the cross for the sins of the world - which can be taken at any time in any part of the world, but more especially, of course, at Passover.

Thus, both animal and Divine sacrifice, far from opposing one another, compliment and supplement one another; and both are essential in our worship of God.

That's why, also, when Christ returns He will instruct ALL nations to come up to Jerusalem to offer sacrifice every year at the Feast of Tabernacles; and that's why, also, in the New Heaven and New Earth all the nations of the world will come up to Jerusalem to offer sacrifice to YHWH, and ALL FLESH shall come to worship Him (Zech 14.16-21, Is 56.6,7 & 66.18-23).

'Paul took and circumcised him' Acts 16.3.

'Circumcised the 8th day, of the stock of Israel' Phil 3.5.

'Then Paul took the men, and the next day, purifying himself with them, entered the Temple to signify the accomplishment of the days of purification and the time when the SACRIFICE would be offered for each of them' Acts 21.26.

'He hasted, if it were possible, to be at Jerusalem on the day of PENTECOST' Acts 20.16.

'And on the SABBATH we went out of the city by a river side, where prayer was wont to be made' Acts 16.13.

'Neither against the law of the Jews, or against the Temple, have I offended anything at all' Acts 25.8.

'But fornication, and ALL UNCLEANESS, and covetousness, let it not be once named among you, as becometh saints' Eph 5.3.

'For because of these things cometh the WRATH of God upon the children of DISOBEDIENCE' Eph 5.6.

N.B. We are aware that Paul had certain misgivings about the law, which also resulted in certain members of the early church soft-pedalling certain aspects of the law; yet we wish to bring to your attention those aspects of his life and ministry that upheld the law, so as to harmonise his teaching with the rest of scripture.

PETER AND THE LAW

'I have NEVER eaten anything that is COMMON or UNCLEAN' Act 10

'For even hereunto were ye called - because Christ also suffered for us, leaving us an EXAMPLE, that ye should FOLLOW HIS STEPS - who did NO SIN neither was guile found in His mouth' 1Pet 2.21,22

JOHN AND THE LAW

'This is the love of God, that we keep His commandments' 1Jn 5.3.

'This is love, that we walk after His commandments' 2Jn 6.

'He that saith, I know Him, and keepeth not His commandments, is a LIAR, and the truth is not in him' 1Jn 2.4.

'Hereby we do know that we know Him, if we KEEP His commandments' 1Jn 2.3

'SIN is the TRANSGRESSION of the LAW' 1Jn 3.4.

'And the dragon was wroth with the woman, and went to make war with the remnant of her seed, which KEEP the COMMANDMENTS of God, and have the TESTIMONY of JESUS CHRIST' Rev 12.17.

'Blessed are they that DO His COMMANDMENTS, that they may have the right to the TREE OF LIFE, and may enter in through the gates of the city' Rev 22.14.

JAMES AND THE LAW

'Wherefore my sentence is, that we need not trouble them, which from among the Gentiles are turned to God, except that we write to them, that they abstain from pollutions of idols, and from fornication, and from things STRANGLED, and from BLOOD; because Moses of old time hath in every city them that preach him, being read in the synagogues every SABBATH day' Acts 15.19-21.

'If ye have respect of persons, ye commit sin, and are convinced of the LAW as TRANSGRESSORS' James 2.9.

'If thou commit no adultery, yet if thou kill, thou art become a TRANSGRESSOR of the LAW' James 2.11.

'Even so FAITH, without WORKS, is DEAD, being ALONE' James 2.17.

'Ye see then how that by WORKS a man is JUSTIFIED, and NOT by faith only' James 2.24.

'Thou thyself also walkest ORDERLY and KEEPEST the LAW' Act 21.24

'You see, brother, how many thousands of Jews have believed, and ALL of them are ZEALOUS for the LAW' Acts 21:20.

JESUS AND THE LAW

'[illegible]n spake Jesus to the multitude and to His disciples, saying, The scribes and Pharisees sit in MOSES seat - ALL, therefore, whatsoever they bid you observe, that OBSERVE and DO; but do not do after their works - for they do not practice what they preach' Matt 23.3

'Go ye, therefore, and teach all nations, baptising them in the Name of the Father, Son and Holy Spirit; teaching them to OBSERVE ALL THINGS whatsoever I have COMMANDED you' Matt 28.19,20.

'A man on the Sabbath day receiveth circumcision, that the law of Moses should NOT BE BROKEN' Jn 7.23.

'The SABBATH was made for man' Mk 2.27.

'Think NOT that I am come to destroy the law' Matt 5.17.

'Whosoever, therefore, shall break one of these least commandments, and shall teach men so, he shall be called the LEAST in the kingdom of heaven - but whosoever shall DO and TEACH them, shall be called GREAT in the kingdom of heaven' Matt 5.19.

'If ye love Me, keep My commandments' Jn 14.15.

ISAIAH AND THE LAW

'Also, the sons of the STRANGER that join themselves to YHWH, to serve Him, and to love the Name of YHWH, to be His servants, every one that keepeth the SABBATH from polluting it, and taketh hold of My covenant; even them will I bring to My holy mountain, and make them joyful in My house of prayer - their BURNT-OFFERINGS and their SACRIFICES shall be accepted on My altar; for My house shall be called a house of prayer for ALL people' Is 56,6,7.

'Put on thy beautiful garments, O Jerusalem, the holy city - for henceforth there shall NO MORE come into thee the UNCIRCUMCISED and the UNCLEAN' Is 52.1.

'Hearken unto Me, ye that know righteousness, the people in whose heart is My LAW' Is 51.7.

'And they shall declare My glory among the Gentiles, and the GENTILES shall bring an OFFERING unto YHWH to My holy mountain in Jerusalem, even as the children of Israel bring an offering into the house of YHWH; and I will also take of them for PRIESTS and LEVITES' Is 66.19-21.

'And it shall come to pass, that from one NEW MOON to another, and from one SABBATH to another, shall ALL FLESH come to worship Me' Is 66.23

EZEKIEL AND THE LAW

'Thus saith YHWH Elohim, NO STRANGER, UNCIRCUMCISED in HEART, nor UNCIRCUMCISED in FLESH, shall enter into My sanctuary, of any STRANGER that is among the children of Israel' Ez 44.9.

'I will put My SPIRIT within you, and cause you to walk in My STATUTES, and ye shall keep My JUDGMENTS, and DO them' Ez 36.27.

ZECHARIAH AND THE LAW

'And it shall come to pass, that everyone that is left of ALL the nations which came against Jerusalem shall even go up from year to year to worship the King, YHWH of hosts, and to keep the FEAST OF TABERNACLES' Zech 14.16.

JEREMIAH AND THE LAW

'Behold the days come, that I shall make a NEW COVENANT with the house of Israel...and this shall be the covenant that I will make - I will put My LAW in their INWARD PARTS, and WRITE it in their HEARTS; and will be their God, and they shall be My people' Jer 31.31-33

MOSES AND THE LAW

'ONE LAW shall be to him that is homeborn, and unto the STRANGER that sojourneth among you' Ex 12.49.

'And when the STRANGER shall sojourn among you, and will keep the PASSOVER to YHWH, let ALL his MALES be CIRCUMCISED, and then let them come near and keep it - for NO UNCIRCUMCISED person shall eat thereof' Ex 12.48.

'Ye shall have ONE MANNER of LAW, as well for the STRANGER, as for one of your own country' Lev 24.22.

'If a STRANGER sojourn with you, or whosoever be among you in your generations, and will offer a SACRIFICE made by FIRE, of a sweet savour unto YHWH; AS YE DO, SO HE SHALL DO' Num 15.14.

'ONE ORDINANCE shall be both for you of the congregation, and also for the STRANGER that sojourneth among you, an ORDINANCE FOREVER in your generations - as ye are, so shall the STRANGER be before YHWH' Num 15.15.

'ONE LAW and ONE MANNER shall be for you, and for the STRANGER that sojourneth among you' Num 15.16.

You will then be permitted to take FREE OF CHARGE one master copy on Super High Grade VHS film for your own use, if you so wish, after seeing the film. The quality of the picture is absolutely first class quality without flaws. The film is in full colour and was produced in the U.S.A. The scenes in the film are all very realistic and true to life, and has obviously been produced by experts. The programme is presented by Elliot Ness of 'Untouchables' fame.

I would also like to add that if you are interested in receiving a copy of this film, it will hopefully enable us to meet personally and discuss matters of vital importance to the human race and the survival of mankind in relation to the soon coming invasion of this planet from outer space. As an added note, I am also in the process of arranging a 'Conference on the Invasion of Earth from Outer Space' - this conference will definitely make headlines; and I would be very happy to have your support in this venture. I am also in the process of arranging a visit to one of the spacecraft at present operating on earth, and would be happy to discuss these developments with you in person.

Please also note, that after a suitable appointment is arranged, you will receive our full hospitality, including full meals and overnight stay, if necessary. It is suggested that at least several hours be allotted to view the film, get to know one another, and discuss matters of mutual interest. Beware, also, we have 5 boisterous, but lovable kids!

Section 40

20th June 1990

Connecticut

Dear Mr Section 40

Shalom! Greetings in the Name of our Lord Jesus Christ.

I was intrigued to read your book 'God Drives A Flying Saucer'. You have tried to make sense of a deep mystery which the human brain is not designed to comprehend. If we tried to comprehend God in His entirety we would go completely insane. There is, in fact, no way we can comprehend God in His entirety.

We can, however, begin to comprehend God in the human sense - which is the sense in which the God of the Bible is described ie. the God of the Bible is a Man like you and me; but to all intents and purposes, perfect. The term 'God' in fact simply means a power greater than oneself. Thus, we are gods to our children, the Govt is a god to the people, and Christ is a God to the world. Moses is also described as being a god to Pharoah.

If, however, you are talking about the God behind the whole universe, and all other dimensions and existences, then I'm afraid we are in no position whatsoever to comprehend God in His ultimate sense.

Originally, all we were meant to do was to tend the planet and look after it. However, this insane quest of mankind for knowledge irrespective of the consequences of that knowledge, and irrespective of whether that knowledge is right or wrong, is rapidly destroying the planet and destroying the human race.

How can an ant say he wants to be an elephant, or a shrimp say he wants to be a whale? How, then, can we who were designed to be gardeners and keepers of the earth say we want to learn all knowledge of both good and evil, even as God does? What calamitous course has mankind set himself on in attempting to learn all knowledge both good and evil? What great destruction hath man wrought as a result. Science itself is the peak of occultism in man's search to play God. Science is now manipulating the very atoms from which ourselves and all life on earth is made, and is now capable of destroying all life on earth.

It is high time, therefore, that God in His wisdom will intervene once again in the affairs of men to prevent mankind from utterly destroying himself and the planet. Consequently, Christ promised to come again to save the world from destruction and establish the Kingdom of God here on earth.

The National Archives' reference DEFE 31/179/1

There is also one mystery that I recently received a revelation on concerning the reasons for the existence of good and evil, and that is that ultimately both good and evil are a pa[redacted] of God Himself ie. God in His entirety, and that God is proving to Himself that good will ultimately win over evil. However, to prove this in reality, the forces of both good and evil have to real and authentic, and the battle between the two has to be real and authentic. Thus, in the ultimate sense, God is at war with Himself in a very real battle to determine whether good will triumph over evil or evil over good. This war on a mini-scale is also being fought within ourselves; as we, also, are in the image of God.

Now, it is sad to say, however, that in this corner of the universe things have gone radically wrong with evil having a virtually free-run of the place. However, to try and redress the balance God ie. Christ and His Father are sending in reinforcements to overcome the evil and to re-establish God's Kingdom here on earth. Therefore, I personally believe that ultimately good will triumph over evil; but not without a long, hard fight. The forces of evil, on the other hand, are equally adamant that they will ultimately triumph and retain their hold over the planet. The Bible predicts that the final showdown will take place at the Battle of Armageddon; and the final outcome has also been predicted as the triumph of Christ over Antichrist. However, the Antichrist is also determined to win the fight, and will not admit defeat until Christ has actually overthrown him in reality.

Also, if one is to face reality in this world, we have to come to the realisation that the human race today is totally and utterly MAD! They are totally reprobate and devoid of God and basically INSANE! They are completely controlled by science and occultism; and, like a bunch of lemmings, are rushing headlong into the abyss of hell. There is, therefore, no way to stop them destroying themselves and the world, except there is a Divine intervention. This, now, is the only way this planet is going to be saved. Thus, the forces of heaven are about to launch a MASS INVASION of planet earth. The Antichrist is also rallying his forces and the governments of the world in readiness for the final confrontation. Hence, the rapid increase in scientific technology and military hardware to try and prevent the forces of heaven from taken control of the earth.

I would very much appreciate your comments on the above statements. I have also enclosed some literature, which I trust will be of interest to you.

Flying Saucers Are Watching Us
by Otto O. Binder p.1968

4 EARTHLY "GUINEA PIGS"

MUCH MORE NUMEROUS than successful abductions by saucermen are the attempted kidnappings that fail. Again, there is a possible sex purpose in the following, involving earth women as the intended victims.

August 13, 1965, Renton, Washington. Ellen and Laura Ryerson, migrant workers, entered a bean field at 7:00 A.M. to pick the ripened crop. They were not alarmed at seeing three other male workers there until they got a good look at them. Then they screamed.

The three saucermen—though their landed saucer was not seen—were just above five feet tall and had repulsive white-domed heads with pockmarked skin and huge protruding eyes. They first pursued the two girls as if to seize them but Ellen and Laura managed to get back to their parked car and speed away. They reported the incident to the State Patrol, but later, there was no sign of the three would-be abductors in the bean field.

July 31, 1966, Erie, Pennsylvania. Douglas Tibbets, Betty Jean Klem, Gerald la Belle, and Anita Haifley had gone to the Presque Isle Peninsula Park around twilight to park at a beach. When their car got stuck in the sand, Gerald went for help. Shortly after, hearing strange sounds from the nearby woods, Douglas went to investigate.

Meanwhile, the two girls were dumfounded to see a mushroom-shaped UFO as big as a house, and lit with brilliant lamps, descend at Beach Seven. Not long after, one of the girls spied a huge monster approaching through the underbrush, barely visible in the gathering dark. As the creature

seemed about to come close to the two girls, Betty Jean leaned on the horn button and kept it up until the unknown being, apparently confused by the loud noise, lumbered away.

Douglas returned with two State Patrolmen he had met, in time to hear the two girls screaming hysterically, barely able to tell their story of the monster-man that had threatened them. Whether the creature had planned to carry them off to the saucer or not was never known, but shortly thereafter the UFO spun off into the sky as if it had no further purpose in staying there.

Kidnap Attempts

September 26, 1954, Chabeuil, France. Gathering mushrooms, Madame Leboeuf saw a scarecrow move. To her horror, it was a shiny "diving suit" three feet tall, waddling toward her with a quick gait. She had the impression of two "bigger than human" eyes staring intently at her.

Since the little man's objective seemed to be Madame Leboeuf herself, the woman ran off screaming and hid in a thicket. Soon after, she saw a large circular disk rise and whistle off across the wheat fields. Madame Leboeuf was thankful she was not aboard, a prisoner—or perhaps a love slave—of little unearthly men.

August 17, 1965, Lima, Peru. Hilda Santa Cruz heard a knock on her door and upon glancing out the window, she saw what she described as "an extraterrestrial being, presumably a Martian." Terrified that he would abduct her or molest her sexually, she screamed out the window and neighbors came running. The would-be seducer was gone by then and soon after, they all saw a luminous sphere sail overhead and vanish westward at fantastic speed.

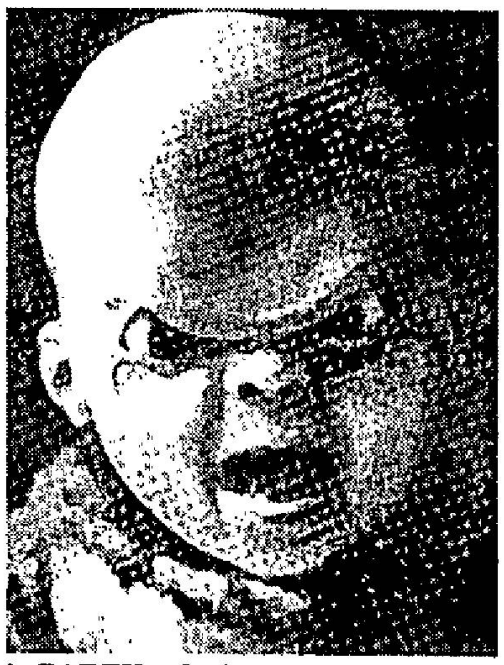

Another planned sexperiment of the saucermen that was never fulfilled?

October 4, 1965, Salta, Argentina. Santos Vallejos and two young girls, Antonia Aparti and Adela Sanchez, were on their way to school when they came upon "several creatures of short stature, greenish skin, and only remotely resembling human beings."

The little humanoids rushed at the youngsters as if to capture them, but fear lent wings to their feet and they escaped, arriving at school breathless to tell their eerie story. The

Aliens 'stole my missus'

A PARTY of childlike aliens kidnapped a farmer's wife and ate his dog before zooming back into space.

Terrified Enrique Cadillo managed to snatch this photo of one of the creatures as they left their bullet-shaped ship when it landed in his wheat field in Fresnillo, Mexico.

They then entered his house and took his screaming wife Carmen to their craft before returning to zap his wolfhound dog Pepe with a laser gun then eat him raw . . . bones and all.

"People are saying I'm crazy," said Enrique. "But I've the photo to prove it — and my Carmen's gone."

UFO REPORTS - ENQUIRIES FROM A MEMBER OF THE PUBLIC

References: A) RAF West Drayton Z6F 210730Z Feb 91
B) Sec(AS) UFO report 211100Z Feb 91

1. Further to the reports at References A and B which described the sighting of a large green light over Manchester at around 201919/20Z Feb 91, we have received a request for information regarding this sighting from Section 40 a well known authoress on the subject of UFOs.

2. I have no problems with sending her copies of the reports (minus distribution and details of witnesses), and as we have received a number of other queries regarding this sighting I would be grateful for any other information you might have which I could pass on (i.e. satellite re-entry or other space-related activity).

MR. Section 40 [illegible], JR. 3, ORELROY CLOSE, SCUNTHORPE REPORTS THAT WHILST DRIVING HIS VAUXHALL MOTOR CAR ALONG THE A1077 ROAD FROM LINCOLN TO SCUNTHORPE ABOUT 2330 HRS ON WEDNESDAY 3 OCTOBER 1990 WITH LIGHTS DIMMED, PAST THE SANCLIFFE RESERVOIR (GRID.REF. SE 913-149) A POWERFUL BEAM OF LIGHT ILLUMINATED HIS VEHICLE FROM ABOVE AND SEVERAL OTHER BEAMS OF LIGHT THEN SURROUNDED HIS CAR. MR. BROOKS STATES THAT THE LIGHTS FOLLOWED HIS CAR FOR APPROX 1/2 MILE AND THAT HE WAS TRAVELLING AT APPROX 45M.P.H. AND SPEEDED UP WHEN THE LIGHTS CAME ON. HE ALSO REPORTS THAT VEHICLE ENGINE MOMENTARILY STALLED WHEN HE TRIED TO ACCELERATE AWAY.
MR Section 40 SAID HE WAS NO SHAPE AND ONLY SAW A VERY BRIGHT WHITE LIGHT. THERE WAS NO SOUND OR SMELL. HE VIEWED THE LIGHT THROUGH HIS SPECTACLES. THE WEATHER WAS FINE AND CLEAR WITH A FULL MOON. THERE IS ONLY ONE LANDMARK OF ANY NOTE NEARBY AND THIS IS A LARGE RADIO MAST AT THE RESERVOIR. THE ROAD AT THIS POINT IS UNLIT AND THERE ARE NO NEARBY BUILDINGS EQUIPPED WITH LIGHTS THAT SHINE ONTO THE ROADWAY. ABOUT 1/2 MILE AWAY WHERE MR. BROOKS CLAIMS TO HAVE AWAY FROM THE BEAM OF LIGHT, THREE HIGH VOLTAGE POWER LINES CROSS [illegible] AT HEIGHTS FROM 7 - 20 METRES (APPROX)
MR. BROOKS WAS THE ONLY PERSON IN HIS CAR AND THERE APPEARED TO BE LITTLE TRAFFIC ABOUT AT THE TIME. MR. BROOKS APPEARS TO BE OF SOUND MIND AND STATES THAT UNTIL THIS INCIDENT HE DID NOT BELIEVE IN SIGHTINGS. MR. BROOKS REPORTED THE INCIDENT TO THE SCUNTHORPE STATION AT 2325HRS ON 3.10.90.

PHOTOGRAPHS OF AN UNIDENTIFIED FLYING OBJECT - SCOTTISH DAILY RECORD

1. US of S(AF) may wish to be aware that the Scottish Daily Record may run a story regarding an alleged sighting of a UFO near Pitlochrie in early August. Such stories are not normally drawn to the attention of Ministers and the MoD press office invariably responds to questions along well-established lines emphasising our limited interest in the UFO phenomenon and explaining that we therefore do not have the resources to undertake any in-depth investigations into particular sightings. On this occasion however, the MoD has been provided with six photographic negatives of an alleged UFO by the Scottish Daily Record and has been asked for comments almost certainly for inclusion in a forthcoming story. For this reason it is felt that US of S(AF) should be made aware of the background and the line adopted by the DDPR(RAF) in responding to the newspaper.

2. The photographs, which were received on 10 Sept, are alleged to have been taken near the A9 road at Clavine, north of Pitlochrie on the evening of 4 August. They show a large stationary, diamond-shaped object past which, it appears, a small jet aircraft is flying. The negatives have been considered by the relevant staffs who have established that the jet aircraft is a Harrier (and also identified a barely visible second aircraft, again probably a Harrier) but have reached no definite conclusion regarding the large object. It has also been confirmed that there is no record of Harriers operating in the area at the time at which the photographs are alleged to have been taken. The negatives have now been returned to the Scottish Daily Record.

3. In consultation with DDPR(RAF) it has been agreed that the attached lines to take should be used in responding to the Scottish Daily Record. These are consistent with the position adopted in the replies to the many public and occasional parliamentary enquiries on the subject of UFOs.

SCOTTISH DAILY RECORD - PHOTOGRAPHS OF UFO

DEFENSIVE LINES TO TAKE:

- Have looked at photographs, no definite conclusions reached regarding large diamond-shaped object.

- Confident that jet aircraft is a Harrier.

- Have no record of Harriers operating in location at stated time/date.

- No other reports received by MoD of unusual air activity or sightings at location/date/time.

IF PRESSED

Who in MoD studied pictures?

- All sighting reports (including on occasion photographs/drawings etc) received by MoD are referred to the staff in the departments which are responsible for air defence of UK who examine them as part of their normal duties.

Other reports of UFOs from Scotland?

- UFO reports from Scotland are rare.

(Copy attached - Annex B)

1. I attach at Annex A a copy of a recent letter and another document which Sec(AS) has received from Section 40 [redacted] who is a persistent correspondent and caller regarding UFOs.

2. My predecessor, Section 40 [redacted] was concerned that Section 40 [redacted] activities in his pursuit of information regarding the UFO topic were taking an unusual turn, including the recording of their telephone conversations (see Reference). Now we have received from him what purports to be an official MoD document dating from 1978. I do not intend to answer this particular letter, but would appreciate advice regarding the authenticity of the document as it is not recognised by ourselves.

3. Section 40 [redacted] correspondence with Sec(AS) regarding UFOs has been going on for only five months, but in that time we have had a number of phone calls and letters which we have answered in the usual way, seemingly with no diminution in Section 40 [redacted] belief that we have more information to impart. We have two other letters outstanding for which a reply restating our normal line will be sent out shortly.

4. I now believe that Section 40 [redacted] is becoming a nuisance and consideration is being given to blacklist him. Therefore any advice regarding Section 40 [redacted] activities and background would be gratefully appreciated.

Dear Sir,

As a reserch physicist I have been studying the UFO phenomena for several years. I am enclosing a copy of your released material with regards to the UFOs.

Could you please provide me with a copy of similar report of the years 1988, 1989, which would enable me to further my research project pertaining a global number of sightings.

Whilst thanking you in advance for your consideration, I look forward to hearing from you.

Yours sincerely,

Subject LETTER ON UFOs

1. Please see the attached letter I have received from a Section 40 Although I am happy to answer all his questions, I am slightly concerned to read that he taped our recent telephone conversation. Similarly, I have heard that he was recently before the Old Bailey charged with stealing rare orchids – can this be substantiated?

2. His questions are not particular new but are representative of those individuals who believe the Government is perpetrating a massive coverup.

3. Grateful for your advice asap. If I have targetted the wrong MOD Gy post, please pass it to somebody more appropriate. Thanks.

Dear Section 40

I would like to thank you for our recent telephone conversation in which very candidly you replied to my questions about UFOs.

Whilst bearing in mind the important point which you made that the subject of UFOs is UNCLASSIFIED, and I have that on tape for my records, I have few more questions to ask, which I hope as a matter of courtesy I would have your answers in such manner which would not insult my intelligence.

In order to start my main questions about UFOs, I have one important question to ask you.

1-Are you answerable to anyone above yourself about UFOs, or as our American friends put it, the buck stops with you? If you are answerable to a person/persons above you, could you please let me know who this/these are?

2-During your conversation you mentioned that you receive only civilian reports of UFOs, and never there has been any millitary report/s passed on to you, and you went on by saying that you would be surprised if any report/s of any kind might surpass your desk.

a) Are you suggesting that only the civilian population of United Kingdom takes notice and the millitary and the Air Force has no interest or intention? Your words also could be in a curious way be interpreted as, that this phenomena is only endemic to civilians and it never happens to millitary, which I am sure you would agree with me, it is just not true.

However, if we take the point you raised that you have never sighted any millitary report/s, then it leaves the ordinary person in the street with some serious doubts that how the security forces of this country could be counted on whilst the airspace is invaded from time to time by unknown object/s, and as yet the official responsible department does not consider this as serious as it ought to be. My understanding is that our other NATO allies have somewhat different viewpoint than yours on this matter. Could you please explain the official stand point on this.

b) Or, it just may be that they do take serious notice of UFOs, but reports from those sources are not available to the public, which in itself is a contradiction to your comments.

c)Or, they have studied UFOs and the outcome of their studies has manifested itself in the shape of your comments that 'They do not constitute a threat to the national security of UK'. In that case, as you have indicated that this subject is unclassified, I would be grateful to receive a copy of'their' final analises report and the directive order if possible.

2-I would like to refer to your own letter dated 15/ 10/87, referenced D/Sec(AS)/12/ 3, to a Section 40 The contents of the first paragraph is unclear, contradictory and vague. Your answer has the enhanced answer of a polotician and does not make much sense if I dare to say. Why? you may ask. 1st you have mentioned "As I mentioned in my last letter, I regret that the release of materials 'en bloc' is not possible as all MOD files are subject to Public Records Act. Under this Act official files generally remain

then unclas documents are not freely available to the public

to me saying that the subject of UFOs is UNCLASSIFIED. Unless of course you are refering to the millitary or air force reports, which then again falls into the contradiction category. — no

2nd- You go on by saying in the same letter "However, if you have any SPECIFIC queries about a PARTICULAR incident which has occured recently we can let you know if we have a report for it and if so, what it contains". As any intelligent person could see, you are not making your ULTIMATE point clear. — the
Either UFO subject is CLASSIFIED or it is UNCLASSIFIED. Could you please let me know your coherrent answer?

3-I am enclosing the photocopy of a newspaper cutting sent to me. The contents of the last paragraph points out to a kind of covert, cover-up hush-hush silencing operation which is currently directed towards the public media, reporting on this phemomena. Is there any MOD branches across the country with specific directives or orders that you are unaware of, and gives them the authority in such actions? if that is so, then again it contradicts your comments that as a coordinator everything should pass thru your office. Could you expand on this point in clear terms please? I am very keen to find out what exactly happened in this particular case.

I expect your clear, considerate, coherent answer to my inquiry about an UNCLASSIFIED subject.

Not very friendly!

Yours Truely,

Section 40

P.S. Incidently, what is the role of the Department DI55, in MOD and with regards to UFOs. Any address available to coresspond with them?

HEYWOOD A
1979 Thursday 1 Ju
Circulation 6,48

Why would Spacemen want to visit us here in Heywood?

COULD it be that Heywood has been visited by beings, not from another planet - but from another solar system?

As soon as local ambulancemen reported having seen some unidentified flying objects over Heywood last week, the disclaimers were quick to respond.

It was a star, said an official spokesman, which was reacting to athmospheric conditions.

But the ambulancemen had seen THREE objects - so how can that be "a star"?

And would a star cause the telephones at the Ambulance Station to suddenly go out of operation - until the unusual objects had gone?

We think not and we also think there is far more to this UFO thing than officialdom would like us to know.

Many years ago, as a young reporter, it fell to our lot to report on a strange sighting of an unusual object over Wardle, near Birch Hill Hospital. We went into it very thoroughly indeed and no matter what the discreditors threw at us, we proved them to be wrong.

The people who saw that flying object were adamant about what they had seen - and we continued to report the pros and cons of the debate for several weeks.

That all came to an end when the very top man from the Ministry of Defence called at our office personally, took us into a private back room and read the Official Secrets Act to us with the warning to discontinue reporting further on that strange occurrence.

There was something very strange about the whole affair and we have not been so quick to discount UFO sightings since that day.

It came as no surprise to us, really, when official US Government documents released under the Freedom of Information Act exposed the basis of some truth to stories of extraterrestial goings-on.

It seems from those documents that a UFO crashed in the US and was taken to secret establishments for examination. Definitely not man-made, was the general conclusion.

There was no kind of obvious propulsion in the space ship, well, not the sort of thing that we expect to be used for propulsion.

Even more astonishing was the disclosure that four bodies were also found. They were humanoid but smaller than we Earthlings and were definitely not a part of our human race.

So who were they? And what were they doing here?

More importantly to us - what would similar beings want to look at Heywood for? We could think of more interesting places to visit if we had the ability to fly to other galaxies, couldn't you?

A WARNING TO STREET YOBS

IS THE lowly sum of £50 - to be paid only if they do it again - sufficient deterrent to the yobs whose antics plague the pleasure out of pensioners' lives?

Even if the gang the Advertiser reported on last week had actually been FINED that amount, we think it would be paltry when set against the tremendous harm they had caused.

The gang were reported to have plagued the residents of Todd Street.

People living there - mainly pensioners - were fed up with the youths, Heywood court was told.

But three of the gang taken to court were just given a serious talking to and bound over in the sum of £50 - velvet glove treatment which will give the good folk of Todd Street no consolation whatsoever.

A BIRTHDAY SURPRISE

IT WAS our umptyninth birthday last week and a branch of our family who always come up with something different excelled themselves with their gift this time.

We were absolutely amazed when they arrived carrying a delightful two-wheeled wheel barrow with a green body and red and white wheels. And inside was a big paeony plant fastened in with a ribbon and bow.

It was a wonderful thought - and a means of carting stuff around the garden has been lacking in our life for many years.

To plant the paeony bush involved creation of a new flower bed in the back garden which, as every garden enthusiast will know, weighs a ton for each bucketfull! So the new barrow was brought into immediate use.

Hopefully, the plant will thrive in its new surroundings and if it does we will be able to say that this birthday gift was probably the most useful - and most surprising - we have ever had.

NEW-TYPE OF ALARM CLOCK!

AFTER years of using ordinary clockwork alarm clocks, which seem to last for a couple of years then pack it all in with a whirring clatter, we saved up our petrol coupons and acquired a small electric mini-computer-type of clock which wakes us in the mornings with a constant bleep-bleep-bleep.

But last Friday morning we were awakened by a completely fresh type of alarm in the form of a clanking, banging noise.

What on earth...?

At first we thought the washing machine had switched itself on and that soap-ball thing inside it was trying to get out.

But investigation revealed the source of

Do you know your Heywood?

THIS week we begin a new series of picture posers.

Each week we will display a photograph showing a street or area in Heywood to see just how well you know - or don't know! - your home town.

We begin with a view of some well-maintained properties. Do you know where they are?

The answer is at the bottom of Heywood in the Past on this page. (F8338)

REPORT OF UNIDENTIFIED FLYING OBJECT - NORTHERN IRELAND

References:

A. D/Sec(AS) 12/3 dated 29 Dec 89

1. Thank you for your LM, Reference A, together with the accompanying UFO report from Belfast Air Traffic Control. You should recommend that the CAA at Belfast Airport send a holding reply to Section 40 and then report the details to the Royal Ulster Constabulary (RUC, for investigation. If a muffled bang was heard there may be recoverable evidence. Not being familiar with the area in which the UFO was sighted I cannot comment on there being some form of rational explanation for the sighting. Alternatively I do not think we should be jumping to any conclusions or drawing any assumptions from the sighting until the RUC have carried out an investigation.

2. HQ NI may be able to help in solving Section 40 report which may relate to the discharge of a weapon.
